IS THIS SERVICE RIGHT FOR YOUR BUSINESS?

Look, we've all been there! You work tirelessly to create and source all these beautiful pieces of jewelry, offering your customers an array of choices. While you shift your focus onto selling, there is a constant responsibility to care for your pieces and preserve their original finish. [That's where we come in!]

Polishing your jewelry is tedious, and abrasive chemicals can severely damage your metals. Thankfully, we have the solution. Leave all your jewelry care needs in the hands of our team.

WHY TARNISH-ME-NOT®?

Retailers who have used Tarnish-Me-Not reported a 19% increase in overall jewelry sales. Dermatologist tested and approved, Tarnish-Me-Not is safe for all skin types. This patented formula will protect your jewelry from humidity, moisture, UV rays, dirt and skin oils. No more tarnishing. No more discoloration. No more metal allergies. That's right, hypoallergenic jewelry that won't oxidize or turn your skin green!

HOW IT WORKS

Send in your jewelry, and our team of experts will hand polish and apply our protective coating onto each piece. We return your inventory in pristine condition, ready for sale. For all your serviced items, you can insert the following in your product description:

This item has been coated with Tarnish-Me-Not® for long-lasting protection against tarnish, discoloration and metal allergies. For more information on this hypoallergenic formula, please visit www.tarnishmenot.com/faq

ADDITIONAL INFORMATION

For more information on our coating services, please email sales@tarnishmenot.com or fill out our contact form via <https://www.tarnishmenot.com/contact> to reach a team member.

STEP 1: SHOW US WHAT YOU'VE GOT

Upload up to 10 photos of the inventory that you would like serviced. Provide a brief description of each product category, along with the quantity in the fields provided for accurate pricing. Your account representative will email you with a customized quote within 24 to 48 hours.

STEP 2: SHIP YOUR ITEMS

Once you receive your quote, you may send in your inventory to the address provided below.

Tarnish-Me-Not
223 Bedford Ave, STE A
Brooklyn, NY 11211

STEP 3: PAYMENT

Your final invoice will be ready for payment once your pieces are checked in by our processing team. Once payment is received, the application process will begin immediately.

STEP 4: POLISH & COATING PROCESS

Our team of experts will carefully hand polish and apply Tarnish-Me-Not to each piece for maximum protection. Please allow up to 5 days for this process upon receiving your shipment. The duration of the application process may vary based on quantity and will be outlined in your customized quote.

CONGRATULATIONS!

You're all done. You will receive your returned shipment of inventory that is coated and READY FOR RETAIL. Pat yourself on the back for taking all the necessary steps to preserve your jewelry and protect your skin. WELCOME TO THE TRIBE!
