Polish & Coating Service

F A Q

IS THIS SERVICE RIGHT FOR YOUR BUSINESS?

Look, we've all been there! You work tirelessly to create and/or source all these beautiful pieces of jewelry, offering your customers an array of choices. While you shift your focus onto selling, there is a constant responsibility to care for your pieces and preserve their original finish. [That's where we come in!]

Polishing your jewelry is tedious, and abrasive chemicals can severely damage your metals. Thankfully, we have the solution. Leave all your jewelry care needs in the hands of our team.

WHY TARNISH-ME-NOT®?

Retailers who have used Tarnish-Me-Not reported a 19% increase in overall jewelry sales. Dermatologist tested and approved, Tarnish-Me-Not is safe for all skin types. This patented formula will protect your jewelry from humidity, moisture, UV rays, dirt and skin oils. No more tarnishing. No more discoloration. No more metal allergies. That's right, hypoallergenic jewelry that won't oxidize or turn your skin green!

HOW IT WORKS

Send in your jewelry, and our team of experts will hand polish and apply our protective coating onto each piece. We return your inventory in pristine condition, ready for retail.

Insert the following in your product description for all TMN serviced items:

This item has been coated with Tarnish-Me-Not® for long-lasting protection against tarnish, discoloration and metal allergies. For more information on this hypoallergenic formula, please visit www.tarnishmenot.com/faq
